Dear Shaw

Subject: TSCA Chemical Inventory Search

Based on the TSCA Chemical Inventory search I conducted for the chemical ingredients listed in the MSDSs and the certification letter from Candan Industries Pty Ltd (copy attached), the ingredients in the following products are included in the TSCA Chemical Substances Inventory and so these products can be imported into the US for commercial purposes:

INOX mx2 Battery Conditioner
INOX mx3 Lubricant
LANOX mx4 Lubricant
LANOX mx4 Grease
INOX mx5 EP Lubricant
INOX mx6 EP Lubricant
INOX mx7 Assembly Lube

INOX mx11 Chain & Brake Clean
INOX mx12 PTFE Super Glide

Sincerely yours,
